**DUR18 - INDLONDLO CULTURAL VILLAGE EXPERIENCE ENDING AT THE AIRPORT**

FAMILY FUN

Depart the quayside along the national road towards the Valley of a 1000 Hills. Here you will meet modern and olden African tribal culture in the traditional and spectacular homeland of the Zulu. In this geographically wondrous part of the world shaped first by the windings of the great Mgeni River, then by the culture of the Zulu tribes and finally by the coming of European man, the hills still beat to the Zulu drum. As you journey into the valley you will learn how historically these tranquil rolling hills belie the blood-soaked drama that unfolded almost two centuries ago when the Zulu King Shaka, known to historians as the 'Black Napoleon', subjugated the tribes that today make up the Kingdom of the Zulu. Indlondlo isn't just a museum exhibit; it's a living, breathing representation of Zulu culture. Step back in time and explore a traditional homestead. Witness the power and beauty of Zulu dance and drumming, where the rhythmic energy will leave you breathless. Participate in some of the activities yourself – learn a few steps of a dance, try your hand at intricate beadwork, or be mesmerised by a stick-fighting demonstration. The heart of Indlondlo lies in its people. The village is run by passionate Zulu who are eager to share their culture with visitors. This isn't a scripted performance; it's a chance to have genuine conversations, ask questions, and gain insights into their daily lives and traditions. You'll leave with a newfound appreciation for the richness of Zulu culture and the warmth of its people. Indlondlo offers a unique opportunity to go beyond sightseeing and truly experience the essence of Zulu culture. It's a chance to connect with the community, learn from the past, and appreciate the beauty of living traditions. The excursion concludes with a transfer to King Shaka Airport for your return flight home or quayside. REU10 - EXPLORING LAVA TUBES

NATURAL WONDERS

English,Italian,French,German,Spanish

A full-day excursion to the deep south of La Reunion Island and into the bowels of the volcanic slopes await you on this memorable experience. Leaving the pier, a two-hour coach trip will take you to Le Grand Brûlé, a striking landscape shaped by the numerous lava flows over the course of several eruptions. After meeting a specialised volcanic guide, you will hear some safety information and about the route ahead. We recommend that you dress appropriately for an outdoor but unforgettable experience: comfortable closed-toe shoes, loose trousers and a spare T-shirt are preferable, as well as a bottle of water. As you have to go underground and as your safety is always paramount, clothing is essential and must be authorised by your guide. It is impossible not to notice the volcano in this area; the whole landscape evokes its omnipresent presence with its basalt slopes and blocky cliffs on the coast. Over the centuries, eruptions have shaped the area into an extraordinary scenery that we are sure will leave you breathless with its splendid beauty. Strolling beneath the lava flows, this caving expedition through stalactites, stalagmites and rock cathedrals will reveal an unforgettable spectacle in a fascinating mineral environment. Undoubtedly, an excursion for lovers of adventure and adrenaline. Indeed, you will also move underground among the cavities created by the lavas, in an area where the Piton de La Fournaise offers an unforgettable spectacle. Embark on a unique journey to discover the traditions, history, and breathtaking views of Inhaca Island. Your adventure begins at Portuguese Island, where you'll board a small banana boat for a short but scenic ride to Inhaca. Once you arrive on Inhaca, you'll travel inland in a 4x4 bakkie to make your first stop at the Late King's modest home. Here, the King's son will meet you to share the remarkable story of the late King, who lived to the impressive age of 100. Known for his humility, the King spent many years working on a farm in Kwa-Zulu Natal, leaving behind a legacy of kindness and dedication. As you journey towards the lighthouse, enjoy panoramic views of the lush surroundings, including mango trees, cashew-nut trees, and beautiful mangroves. This drive offers a perfect opportunity to appreciate the island's natural beauty. The Historic Lighthouse The tour includes a visit to the iconic lighthouse, originally a 27.5m cast iron tower that stood proudly until the 1920s, when the current hexagonal structure was built. As you reach the top of the hill, take some time to soak in the spectacular views of both Inhaca and Portuguese Island. Wildlife Watching Your tour concludes with a stop at Lighthouse Beach, where you may catch a glimpse of turtle nests or even spot a whale in the distance. Please note that sightings are not guaranteed, but the experience is sure to be unforgettable. Important Information: This tour is not suitable for guests with walking difficulties or those in a wheelchair, as it involves traversing uneven surfaces and challenging terrain. Some 4x4 bakkies may be open-top, so be prepared for the elements. Guests are encouraged to wear hats, sunscreen, and light clothing, along with comfortable footwear like flip-flops, sandals, or sneakers. Each group will have a guide who provides information in basic English. You're welcome to take photos with the King's family; however, it's recommended to offer them a token of respect as a gesture of gratitude. The tour includes transfers to and from Portuguese Island. Guests will be required to sign a waiver prior to activity.
